Prepare for a business website

- Write down your main customer and the action you want them to take.
- Gather service descriptions, approved prices and contact information.
- Choose examples of work you have permission to show.
- Confirm who owns the domain and hosting accounts.
- List required pages and forms.
- Agree on revisions, testing, timeline, handover and ongoing costs in the written quote.
- Share access through the provider's permission tools when possible.

General guidance. Stop and ask for help if a step is unclear.
